

# Agenda released for Future Armoured Vehicles Survivability 2015

*Future Armoured Vehicles Survivability 2015 will address recent industry developments to help you optimise armoured vehicle platform for maximum protection.*

LONDON, ENGLAND, UNITED KINGDOM, September 14, 2015 /EINPresswire.com/ -- SMi's Future [Armoured Vehicles Survivability](#) 2015 conference, taking place on 23-24 November 2015 in London, will enable you to gain unrivalled insight into what leading defence nations and their selected OEMS are doing to enhance the safety and security of their troops, through the development of armour and blast protection solutions. This unique conference focuses on the collaboration between military and industry and invites not only capability and operational flag officers to share their lessons learnt from theatre, but also the lead engineers, chief scientists and technical directors from the vehicle manufacturers themselves, who create the platforms and technologies at the heart of the [armoured vehicle](#).

The poster features the SMi logo in the top right corner. The text reads: "SMi proudly presents... FUTURE ARMoured VEHICLES SURVIVABILITY HOLIDAY INN KENSINGTON FORUM LONDON, UK 23RD - 24TH NOVEMBER 2015 www.favsurvivability.com". In the center is a front-view image of a tan military armoured vehicle.

## Benefits of Attending Future Armoured Vehicles Survivability 2015:

- Discover the latest cutting edge armour technologies to enhance vehicle platforms showcased by industry pioneers, including BAE Systems, General Dynamics Land Systems, Rheinmetall/KMW, Thales Australia and Lockheed Martin
- Gain an insight into the work of internationally respected researchers and senior military representation leading procurement in Europe, including Spain, the UK, Denmark and the Netherlands
- Meet like-minded peers who are advancing both policy and strategy for the future of armoured vehicles

## Expert Military Speakers:

- Major General William Gayler, Deputy Commanding General, US Army Europe
