Body Painting at Fantasy Fest in Key West with Artist Jennifer Montgomery

Jennifer Montgomery, a celebrated Key West (Florida) Duval street and Mallory Square Sunset Celebrations artist, is accepting [body painting appointments](#) for the upcoming Fantasy Fest.

Fantasy Fest is an annual 10 day festival that takes place at the end of October in Key West, FL. During the Fest, body painting is a very popular theme, alongside beads, parties, and whole lots of fun.

Since body painting is very popular during the event, patrons are usually advised to book appointments in advance. This is to ensure that all willing customers get the proper amount of time and service needed to pull off a successful body paint image.

Body painting, just like tattoos (temporary or permanent) is a form of body expression. Where tattoos may last for years, body paint will usually stay on for a few hours. For the most part, body paint has been a preserve of festivals such as Fantasy Fest, and gives participants the chance to have their choice designs painted on them in colors they like. For you, the opportunity to be body painted by one of the best artists is a once in a lifetime opportunity.

For such events as the Fantasy Fest, Jennifer Montgomery uses a special kind of paint, that's suitable for use on the face and body. Due to her experience in the field, you should rest assured that washing off the paint will be an easy task, and that you shouldn't fear any allergic reactions. At any point before the appointment, you are welcome to ask questions and learn as much as you can about the whole process. Jennifer is more than willing to answer your queries and alleviate any concerns you have.

Apart from choosing body paint for festivals, you can have your body painted specifically for a photo shoot. The body paint adds a unique and artistic flair to the photographs, ensuring you get to see a side of yourself you wouldn't have. With body paint, the photos stand out. Fashion shows are also a great place to showcase body paint, where the paint plays to the theme of the show. For models, this is a great way to stand out from the competition.

Many have had Jennifer body paint them, with the artistry and flair of the job overwhelming them. As The Little Rock Foundation says, "Thank you for taking the time out of your busy schedule to paint faces at our holiday party ... they turned out beautiful!" and Kim from PA, "thank you ... for an outstanding job!"

Initially, Jennifer Montgomery started out as [CrazyFaces Face Painting](#), dedicated to face painting gigs for birthday and theme parties in the Philadelphia area. As she grew her talents and creativity, so did her ability to take on much complex tasks. CrazyFaces has now grown to offer more than just face painting, and services now include airbrush tattoos, airbrush t-shirts, body paint, and henna application for any style party or event. More to that, Jennifer's clientele has expanded to include those from the Philadelphia Tri-State area as well as South Florida.

Aside from business, Jennifer is an easy going, creative, and likes children. Her life revolves around creating art through paint, and she is happy she found her calling in life.

Should you wish to make an appointment during Fantasy Fest, make sure to include as much details as possible, mainly regarding the style, design, and color of the body paint you want. That way, Jennifer will be in a better position to capture your thoughts down to the last stroke.
