

Latin America's SatCom capability unveiled this September in Maceio

MilSatCom Latin America 2015, the only regional meeting place for military satcom specialists, will take place Brazil this September. Registration closing soon

MACEIO, BRAZIL, August 27, 2015 /EINPresswire.com/ -- Latin America has been a prominent region in advancing its SatCom capability with countries such as Brazil, Chile and Mexico all either launching or planning to launch domestic satellite programs.

[MilSatCom Latin America 2015](#), now in its second successful year, is the only regional meeting place for military satellite communications specialists and all those responsible for optimising security and surveillance of national and air space and key domestic assets. For further information go to www.milsatcom-latinamerica.com/einprmm

[Confirmed attendees](#) include representatives from Brazilian Armed Forces, Telespazio Brasil S.A., Telesat Brasil, SATIS, Advantech Wireless, Hisdesat, SynQor and many more.

“

This event will offer attendees the opportunity to hear from key players both in the military and industry in one of Brazil's most beautiful locations, Maceio...

Lieutenant Colonel Jose Everardo J. Ferreira, Brazilian MoD

"As a Lieutenant Colonel from the Brazilian Air Force, I have great pleasure in inviting you to attend the second annual MilSatCom Latin America Conference and Exhibition. We are proud to once again support and participate in such an important regional meeting that will help advance and shape Military Satellite Communications in Latin America. This event will offer attendees the opportunity to hear from key players both in the military and industry in one of Brazil's most beautiful locations, Maceio..." Lieutenant Colonel Jose Everardo J. Ferreira, C2 Departments Technical Coordinator, Brazilian Ministry of Defence
