

Debbie Moran of BodyTalk & Beyond to be Featured on CUTV News Radio

SARASOTA, FLORIDA, USA, August 31, 2015 /EINPresswire.com/ -- With all the stress we face in our daily lives, it's very easy to get trapped in our story. Our stories hold us hostage and take up space within us. We focus on what's missing instead of what we ought to be most grateful for.

If we resonate from an ill place, we're going to attract illness, but if we can resonate from a place of love, self-acceptance and self-authority, we are going to attract more of those experiences.

Debbie Moran is a Certified BodyTalk Practitioner and the founder of Body Talk & Beyond. BodyTalk is a simple and effective holistic therapy that allows your body's energy systems to be re-synchronized so they can operate as nature intended.

"I want to bring my clients to a place where they can recognize the gifts in their experiences and no longer hold on to the pain of the story," says Debbie. "I help people shift the energy around who they are and reclaim the parts of their souls they've lost through their experiences."

Debbie has been a BodyTalk Practitioner since 1998, trained directly by Dr. John Veltheim, the creator of the BodyTalk system.

"It just made sense to me and pulled everything together," recalls Debbie. "It brought me to a place where I could take charge of my own life and let go of my own programming and come to a place of learning."

Debbie says the BodyTalk system is ultimately about freedom and reclaiming authority over our health rather than relying on doctors and prescription medication.

"I love when I'm able to shift a person's awareness to kindness instead of cruelty and pain and struggle," says Debbie. "Too many people are looking for something outside of themselves to restore their health and happiness. BodyTalk allows us to reclaim our own inner authority, a place of awareness and healing and self-empowerment."

CUTV News Radio will feature Debbie Moran in an interview with Doug Llewelyn on September 2nd at 12pm EST.
