

Bipartisan Stop Iran Rally – New York City – September 1 – Citizens Standing Together, All Saying: “No to Iran”

“Gillibrand: Don’t Surrender America, Join Senator Chuck Schumer to Oppose this Bad Deal”

NEW YORK CITY, NEW YORK, UNITED STATES, August 31, 2015 /EINPresswire.com/ -- In what is shaping up to be a landmark political event, a group of bipartisan political leaders, brave American veterans and victims of Iranian terror will be gathering in front of New York Senator Kirsten Gillibrand’s office to deliver their message to her personally:

“Gillibrand: Don’t Surrender America, Join Senator Chuck Schumer to Oppose this Bad Deal”

At the [Stop Iran Rally](#) on September 1, Republican Senator Lindsey Graham, retired Democratic Senator Joe Lieberman and former CIA Director James Woolsey, who served under Republicans and Democrats, will deliver new foreign policy information that they believe could influence Senator Gillibrand to change her position on the deal.

The speaker roster includes veterans of Iranian combat, survivors of Iranian terror attacks and experts on the foiled Iranian “Green Revolution,” where nascent democratic voices were silenced by Iranian regime sniper fire, all highlighting Iran’s vicious human rights abuses that cut to the core of the news that will be presented to accredited media on Tuesday.

National talk radio hosts David Webb, Mike Gallagher and Kevin McCullough, who have been focusing on how Iran’s actions clash with America’s values, will also participate in Tuesday’s event.

“How dare America strike a deal with these monsters without Tehran moving one finger to atone for their evil ways,” said Richard Allen, a Stop Iran Rally Coalition activist. “Iran has American journalists and scores of political dissidents in their prisons, they ply Hezbollah, Hamas and Yemen with guns and rockets to kill our allies and they brutally murder their own people when they don’t like the election results. America has forgotten what happened in 2009, when there was a chance that the Iranian people could overcome their oppressive leaders, but we blew it by not supporting regime change.”

“Where our White House is bathed in the rainbow lights of Gay Pride, downtown Tehran is dotted with building cranes the Ayatollahs use to hang homosexuals by the dozen,” said activist and coalition member Jeffrey Wiesenfeld. “Americans of good conscience cannot enter into a deal with these surrender terms, shaking hands in agreement with remorseless dictators. We must get tough with Tehran, or they will get tough with us.”
