Incredible Dream Machines is the New Way of Doing Crowdfunding. It is one training program which stations around the CrowdFunding strategy used by successful startups and kickstarter companies.

Matt Clarke

Greg Jacobs and Tim Godfrey who are two of the most successful internet marketers of all time together have launched a program named "Incredible Dream Machines" which claims to teach people how to jump off from scratch and build a vast business launched via a crowdfunding campaign in a few weeks.

Matt Clarke reports, "Incredible Dream Machines is the ["New Way of Doing Crowdfunding."](#) It is one training program which stations around CrowdFunding. It contains information about crowdfunding from niche research to sourcing to lead gen to launch to follow up, delivery and going big time. By spreading this training out over 8 weeks, users will not only increase customer engagement but they are also going to save a lot of sales through drop feed method, considered to be one of its best features."

"Another great feature is that the team behind this program will be providing people with more details on their software as soon as it goes live. Major contribution of Incredible Dream Machines is that Greg and Tim the creators of this course promises users to acquaint them to people that can place their product on the racks for hundreds of millions to see in the big box stores if their product has what it takes to succeed in the market." Adding to its effectiveness, they are in the process of training a team of 12 community mentors to live on their user forums to help their students out. As people are not just purchasing this program for the training but rather for the community, strength, backing and support, Greg makes sure that as soon as users join this system, they will be at ease.

After analyzing Tim Godfrey's [Incredible Dream Machine Case Study](#), Matt further says, "Greg Jacobs, the man behind Incredible Dream Machines shows users in a very transparent and informative way how to build a vast business launched via a crowdfunding campaign in only a couple of weeks. In order to help users stride to the prime, Greg has programmed a process tracking Achievement Tree in which he divulges innumerable tasks needed to bring to pass a profit-making

campaign and demands users to check off their achievements before proceeding towards the second step."

"Additionally, this system is for novices as it allows them to build a colossal business and earn big bucks quickly. It is also beneficial for Amazon and e-commerce folks as they get an opportunity to double their product business with cipher perils. Users can travel along this course and put to use and profit by their video expertise to make a. Also, users who have top notch traffic skills can follow through this system to use their readiness and know-how to nail it. Greg recommends his users to begin brainstorming bonus ideas and make sure that all of their bonuses are highly targeted, admissible and consistent. By doing this, they will double their commissions."

The specialty of the program is that customers don't need to invent their source of products instead it will help them to source products direct from the manufacturers and will be marketing them through crowdfunding that is already been set up by the software for the investor. It helps people to plan their own crowd funding campaign and generate amount as much as \$10,00,000 . This is why it is called 'Incredible Dream Machine' as it can prove what one can dream about.

Adding to its efficaciousness, Incredible Dream Machines contains live weekly webinars with Greg, Tim and their coaches. Here, users will get the opportunity to learn the best methods and techniques related to Crowdfunding and 'Off The Charts' [Crazy Crowdfunding Strategy](#).

To conclude his Incredible Dream Machines evaluation, Matt says, "IDM system hinges on understanding sales funnels, direct linking, opt-in funnel, pre-sell funnel, review page funnel and webinar sales funnel. Incredible Dream Machines is designed for both beginners and experts where they can learn all about crowdfunding and exactly how it works. It teaches users how to create audiences with Facebook."

"Users can begin building custom audiences with Facebook's ad system then craft separate ads and messaging for each audience, begin running ads and testing messaging, sending them to their lead capture page to begin building a list of targeted people who they can promote IDM to when it goes live. Also, it teaches users how to use tools within and outside of Facebook to help them locate their target audience."
