

New Jersey's Contemporary Plastic Surgery Adds Surgeon to Its Staff

The New Jersey practice welcomes plastic surgery specialist Dr. Pedro Vieira, who will see patients at both the Red Bank and New Brunswick offices.

EAST BRUNSWICK, NJ, USA, September 13, 2015 /EINPresswire.com/ -- Dr. Robert A. Herbstman (www.cosmeticsurgerynj.com) recently added a new surgeon to his New Jersey plastic surgery practice, which offers a range of cosmetic surgical and non-surgical procedures at locations in Red Bank and New Brunswick.

Dr. Pedro Vieira officially joined Contemporary Plastic Surgery on Aug. 1. The plastic surgeon, who grew up in Kearny and earned his medical degree from New Jersey Medical School, is a fellowship-trained specialist in facial and cranial reconstructive surgery.

"We're excited to have a surgeon with Dr. Vieira's extensive training join the practice," Dr. Herbstman says. "Dr. Vieira's background includes experience as a general surgeon, with 3 years on the surgical staff at Hunterdon Medical Center in Flemington. That experience is invaluable."

After earning an undergraduate degree from Rutgers University's Cook College and his medical degree, Dr. Vieira remained at New Jersey Medical School to complete a 5-year residency in general surgery. He worked for 3 years as a general surgeon before entering plastic surgery residency at the Cleveland Clinic Florida training program.

"My experience as a general surgery attending had a great influence on my career," Dr. Vieira says. "The lessons learned in practice cannot be duplicated in training. You learn techniques and how to evaluate and treat problems in training, but it was my years in practice that taught me how to be a good doctor."

After completing his residency at Cleveland Clinic Florida, Dr. Vieira was awarded a fellowship to train at the University of Texas Southwestern, considered one of the preeminent plastic surgery medical centers in the U.S.

"Dr. Vieira's advanced training in craniofacial surgery will be a valuable addition to our practice," Dr. Herbstman says.

Dr. Vieira performs both non-surgical and surgical procedures, including facial rejuvenation and breast augmentation, popular among New Jersey patients.

Dr. Vieira was born in Portugal and speaks Portuguese and Spanish. When he's not working, Dr. Vieira says he enjoys spending time outdoors and cycling.

"I'm thrilled to return to New Jersey and join an established practice that's been part of the area for 20 years," Dr. Vieira says. "I'm looking forward to advancing my career among these great New Jersey communities and patients."

###

Dr. Robert Herbstman (www.cosmeticsurgerynj.com) is a dedicated and trusted board-certified

plastic surgeon in New Jersey with more than 20 years of experience. He is an active member of several elite professional organizations, such as the American Society of Plastic Surgeons® and the American Society for Aesthetic Plastic Surgery, and is an executive board member of the New Jersey Society of Plastic Surgeons. Dr. Pedro Vieira joined Dr. Herbstman's practice, Contemporary Plastic Surgery, in 2015 with vast experience in general and plastic surgery. The surgeons provide innovative techniques for popular procedures such as breast augmentation, liposuction, abdominoplasty, and facelifts. At the Skin Rejuvenation and Laser Center, they offer a variety of medical spa services, including BOTOX® Cosmetic, dermal fillers, and laser skin resurfacing.
