

Introducing Randi M Sherman's Latest Novel- 'The Truth About Caroline'

Could someone figure out Caroline? What if someone did?

SAN FRANCISCO, CA, USA, September 15, 2015 /EINPresswire.com/ -- [Randi M Sherman's THE TRUTH ABOUT CAROLINE](#) offers a funny, quirky alternative novel featuring Caroline Matthews as she navigates to, through and around honesty, life and her sexuality. After being acquitted for arranging the long-distance, cross-country assassination of her husband, Caroline attempts to rebuild her life. Without skills of any kind and with no work experience to speak of, she has a challenge ahead of her. Then she remembers she has one supreme talent... she's a natural liar. Using this ability, she creates a new persona and a new life.

"...An entertaining read throughout, The Truth About Caroline is sure to engender wide appeal in Sherman's series and is certainly deserving of a place on your bookshelf. It is definitely recommended."

--BookViral review

"The characters are well drawn and believable. Each member of the cast has his own character and quirks and you will go 'up' and 'down' with their moods. At times you will pity the poor Caroline and at others you will want to slap her. In some parts you will laugh out loud. Randi's use of language is rich and varied. Stick with it to the end. It's worth every minute." --Readers Choice

"...The book demonstrated skill and comfort with its niche genre of character-driven comedy." --FriesenPress

With an eye for detail, an ear for well-tuned dialogue and an incredible grasp of the obvious, all honed while performing stand-up comedy in Los Angeles and improvisational theater in San Francisco, Sherman adds just enough bawdiness to deliver a character-driven contemporary novel that will have the reader laughing and connecting with Caroline as she attempts to rebuild her life.

THE TRUTH ABOUT CAROLINE (2015) is preceded by Caroline Starts Over (2014). Sherman's first novel Paula Takes A Risk was published in 2012.
