

# Ecosmob Is Going To Exhibit VoIP, Web and Mobile App Development Services in Indo-Africa ICT Expo 2015

*Ecosmob Technologies is participating in the upcoming Indo-Africa ICT Expo and will be exhibiting at Booth number: 49.*

NAIROBI, KENYA, AFRICA, September 16, 2015 /EINPresswire.com/ -- Ecosmob Technologies is one of the leading IT companies from India. The company serves its global clients with the VoIP, web and mobile application design and development services. The company has been participating in different expos and events with an agenda of communicating and collaborating with different companies on the international platform.

Recently, the company has announced their participation in an event going to be held in Kenya, Africa. The name of the event is the Indo Africa ICT (Information, Communication and Telecom) Expo 2015. The company will participate in this expo as one of the exhibitors.

The Indo Africa Expo is the first step towards the synergy of businesses of the two countries: Africa and India. The event is an initiative taken by the government of both countries. As per the government officials, both countries are rapidly growing and in the international list of developing countries. Both, countries have the talent and capability of growing even more rapidly by creating the partnership opportunities. This expo will give a platform to the enterprises of the both countries to come together and share their services, products and innovative ideas. The expo will also have different conferences to educate the participants with the business trends and latest technologies.

Ecosmob Technologies will be part of this initiative of the government of India and Africa. The company's representatives will be exhibiting their client centric development and designing services. As per the company's spokesperson, they will be in the Africa for a few days and will be meeting different prospects as well as existing clients. The company's representatives will be reachable during the expo, on date: 28th and 29th Sep, 2015, in the Booth No: 49, TEPC Pavilion.

As per the company's spokesperson, they will showcase following services:

- [Website Development](#) in

- Bootstrap
- Yii
- Node.JS
- Zend
- PHP

The banner features a globe icon with the text 'In Connection with IT and Telecom Summit' and 'INDO-AFRICA ICT EXPO 2015'. “The Africa is a rapidly growing country. They have emerging market in VoIP. As everyone knows, VoIP (Voice over IP) technology is our core strength. We are looking forward to create synergy with the companies , which are looking for the partnership for custom VoIP development services. Africa also has very good market in the website development, graphic design and mobile apps development, specifically, Android development. These are the services, we provide to our global clients. So we are looking forward to discuss possible business opportunities related to these. We are also excited to meet people over there and aid them with our industry knowledge.”, said the spokesperson of the Ecosmob Technologies.

The company has given an open invitation to the visitors and participants of the expo. To schedule a meeting in advanced, drop an email at [sales@ecosmob.com](mailto:sales@ecosmob.com)
