

Better Outcomes for CASANZ

Ecotech to share global experience at International Clean Air Conference this week

MELBOURNE, VICTORIA, AUSTRALIA, September 17, 2015 /EINPresswire.com/ -- At the 22nd International Clean Air and Environment Conference to be held from 21 – 23 September 2015 in Melbourne, Ecotech, Australia's leader in environmental monitoring solutions will play a key role as sponsor of day 3 on the theme, 'better outcomes'.

Ecotech to share global experience at International Clean Air Conference this week

The theme resonates with Ecotech in light of its progress in the last ten years. The company has rapidly expanded its territory across 80 countries through 53 distributors, 2 manufacturing facilities and 5 branch offices. Today, Ecotech works closely with 25 government Environment Protection Authorities (EPA) including Australia, Brazil, China, Germany, Hong Kong, India, New Zealand, Russia, Saudi Arabia, Taiwan, Thailand and the USA to provide air quality monitoring systems.

“

As an Australian company in this field, we have made tremendous progress to positively impact some large global economies. We operate and maintain over 370 real-time monitoring sites, worldwide

Nicholas Dal Sasso

“We are excited to be involved in CASANZ 2015. As an Australian company in this field, we have made tremendous progress to positively impact some large global economies. We operate and maintain over 370 real-time monitoring sites, worldwide,” says Nicholas Dal Sasso, Managing Director,

Ecotech.

Ecotech have been selected to present the following abstracts during the 3 day conference:

Optical Particulate Monitoring Technology in Traffic Tunnels
Nicholas Dal Sasso, Managing Director, 21 September, 1600 - 1615

Latest Advances in Real Time Dust Monitoring for Mining and Port Operations
Grant Kassell, Research & Development, 21 September, 1645 - 17000

Use of an Asset Management System (AMS) to Improve Air Quality Monitoring Outcomes
Jozua Taljaard, Business Development Manager, New Zealand, 22 September, 1400 – 1415

“Ecotech is committed to better outcomes”, says Nicholas. “In providing end-to-end-solutions in environmental monitoring, we make a difference in environment protection. With the accurate and timely information given on environmental impacts, our stakeholders make informed decisions to create a better place to live; now and for future generations”.

-----Ends-----
