

French MoD Announce Exclusive Briefing for Future Armoured Vehicles Survivability 2015

Future Armoured Vehicles Survivability 2015 will address recent industry developments to help you optimise armoured vehicle platform for maximum protection.

LONDON, ENGLAND, UNITED KINGDOM, September 21, 2015 /EINPresswire.com/ -- SMi is delighted to announce that Major Xavier Lepiouffe, Technical Manager, Jaguar and Griffon Vehicles, SCORPION Programme of the French MoD has joined this year's highly anticipated Future [Armoured Vehicles Survivability](#) 2015 conference, taking place on the 23rd & 24th of November 2015 in London, UK.

Major Xavier Lepiouffe joins the [speaker panel](#) on Day 2 of the event and will present on: "The Survivability Approach for the French SCORPION Vehicles". His presentation will focus on the following

key points:

- Details on SCORPION: A key-programme for the French Army to improve all combat systems for the battle groups
- Survivability global approach for the SCORPION vehicles
- The choice of modularity, kitting and open electronics architecture for the SCORPION vehicles
- New capabilities given by collaborative protection and augmented reality
