Mirza David

Why we do it?

The recent massive demographic changes in Europe will bring with it cultural and many other conflicts that will follow

with violent events everywhere in Europe, We are trying to convince the entire civilian population that everyone needs to be more aware and better prepared for today's "modern" catastrophes, violence and terrorizing encounters.

Do not let anyone make you the victim!!!

By failing to prepare, YOU are preparing to fail!!!

Israel's secret weapon has, and always will be, our entire society strength; or, more precisely, the education, training and preparation of Israelis have defeated and mitigated the violent crime and terrorism, and have helped and will continue to help bring healthy economy and high living standards to our country's population.
