

Susanne Helms of Sacred Soul Sanctuary to be Featured on CUTV News Radio

WINSTON, MISSOURI, USA, September 24, 2015 /EINPresswire.com/ -- We've been conditioned to believe the doctor is always right, but there isn't a doctor in this world that has ever healed anyone. We heal ourselves. A doctor might give our immune system a nudge, but in the end, it's our body's innate ability to heal itself that must be activated.

Quite often, our physical problems can be solved energetically, before we even have to visit the doctor

Susanne Helms is a registered nurse and the founder of Sacred Soul Sanctuary, a holistic health practice. Susanne helps people dealing with chronic pain and illness to heal naturally with her signature integrative healing system.

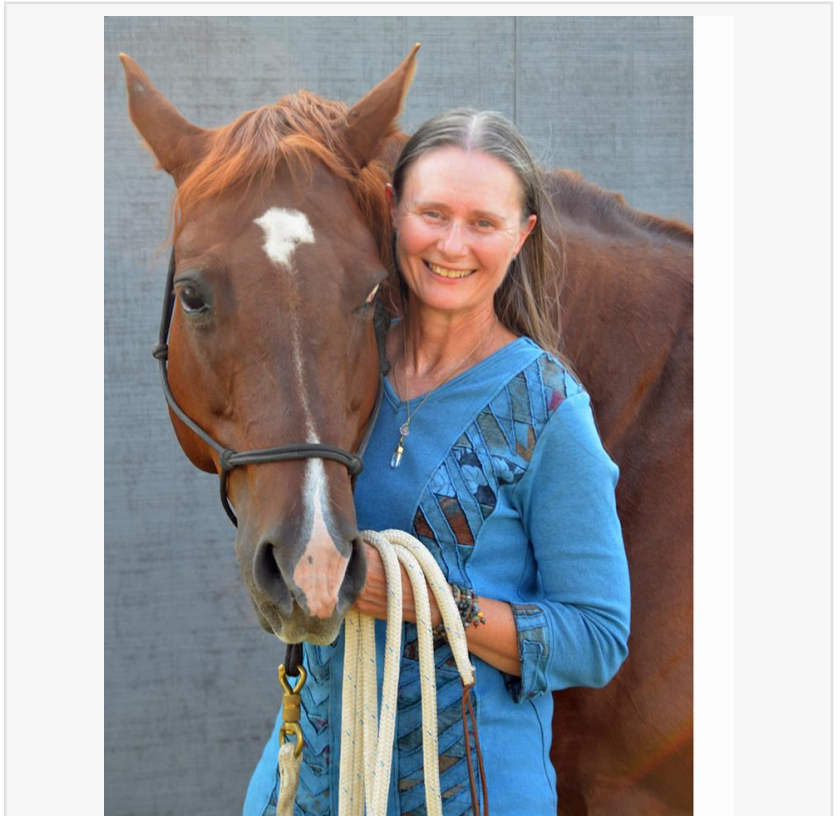

"Sacred Soul Sanctuary is a place people can come and feel safe and learn to heal themselves," says Susanne. "That healing begins with a transformational journey to take control of your health and life."

With 18 years as a registered nurse, Susanne brings a wealth of knowledge and experience to her practice. Susanne believes people are naturally able to heal their pain or disease by empowering their body's own natural abilities.

"I've been in the healing profession for a long time," says Susanne. "Sacred Soul Sanctuary exists so I can do the things I can't do as a medical nurse. I get to play

more and get to know people and help them figure out that they can heal themselves."

In sessions, Susanne uses her intuitive clairvoyant energetic healing abilities as well as non-threatening emotional healing modalities to release pain and disease from your body and accelerate recovery. In addition, Susanne will incorporate Crystal Healing to help to bring your body back into the alignment and

“Crystal Healing is all about vibration,” says Susanne. “Crystals use both the vibration of their color and the vibration of their particular chemical makeup. It changes how you feel about yourself and how you interact with the world through vibration.”

CUTV News Radio will feature Susanne Helms in an interview with Doug Llewelyn on September 28th at 12pm EST.
