

Massive October Sale Now On For Amazon's #1 Best Selling Cooking Thermometer

Amazon's #1 Best Selling Thermometer - Chef Remi - is running a Super October Sale on the product.

MINNEAPOLIS, MN, UNITED STATES, October 1, 2015 /EINPresswire.com/ -- Cooks who no longer want to risk serving undercooked meals now have the perfect opportunity to secure a quality [cooking thermometer](#). This is as sellers of Amazon's #1 Best Selling Thermometer - Chef Remi - is running a Super October Sale on the product.

The Chef Remi cooking thermometer which normally retails for \$14.95 is now available at a low price of \$7.95. The sale is available on open-box and pre-owned thermometers and offers the perfect opportunity to secure one or two of these thermometers.

The Chef Remi digital cooking thermometer is easy to use and quite versatile. It features an easy to read LCD display that provides accurate readings in mere seconds. The thermometer provides readings in both Celsius and Fahrenheit and its capacity to withstand a -58°F to 572°F or -50°C to 300°C makes it ideal for a range of cooking projects including barbecues, grills, deep frying, casseroles and candy making.

Customers on Amazon are already snapping up these thermometers in what is considered to be one of the biggest sales of the year. One customer said: "My husband loves to grill and smoke all year around. So when I had the chance to purchase him a bigger thermometer I jumped at the chance. He is very careful when he cooks meats because he

doesn't want anyone sick so he always checks his temperatures. This Digital Instant Read Cooking thermometer is perfect for anyone who loves to grill or cook. After using this thermometer, we are ready to order a few as gifts."
