

FindADoc Launches eSCHEDULER: Doctors can offer Last Minute Appointments at a Discount.

Doctors and Dentists in the USA and Canada can use eSCHEDULER on FindADoc.Com website and mobile apps to fill scheduling gaps at a discount.

BOSTON, MA, USA, September 28, 2015 /EINPresswire.com/ --

FindADoc.Com is one of the nation's premier websites for finding Doctors, Dentists and Chiropractors in the USA and Canada. About 1.5 millions doctors are listed by geographic location and specialty and are rated using a proprietary transparent FindaDoc algorithm.

FindADoc has launched a UNIQUE feature on their website, iPhone and Android apps. [eSCHEDULER - a web-based tool](#) to help Dentists, Physicians, Surgeons and Chiropractors fill last minute gaps in their Schedule due to last minute cancellations.

Last minute cancellations are a huge source of lost revenues for Doctors in general and Dentists and Chiropractors in particular. "An empty chair is an empty purse," mused one dentist from Syosset, NY. "Overheads do not go away. Empty chairs or not, we still need to pay staff and light bills!"

"The idea for eSCHEDULER came to me as I was about to board a flight to Europe. At the time, the names of StandBy passengers were being called," said FindaDoc CEO and President. "Passengers on StandBy were booking seats at the very last minute and getting huge discounts. This was very good news for the passengers. But it was also good news for the airlines. They got to fill their empty seats!"

“

The idea for eSCHEDULER hit me at the airport. StandBy

passengers checked in at the last minute at huge discounts. A last minute cancellation for the Dental office is like the empty seat for the airline. The Dentist can fill the empty chair. FindADoc eSCHEDULER is a FREE secure calendar for any registered doctor or

dentist. The Doctor

registers and logs in to the website; clicks on the available time-slot; adds a reasonable discount and logs out. The service is free!

The [iStandBy FindADoc patient](#) performs a search on the website or apps. He looks for a local doc available at the last minute - and he gets a discount! On the mobile apps, clicking on the telephone icon, connects directly to the doctor's office !

eSCHEDULER is available NOW!
