

A Golden Milestone, BizTalk360 gets its 360th Customer

Kovai Limited today announced the addition of the 360th customer for their flagship product "BizTalk360".

LONDON, UNITED KINGDOM, September 30, 2015 /EINPresswire.com/ -- Kovai Limited today announced the addition of the 360th customer for their flagship product "[BizTalk360](#)". From being an idea that evolved around a coffee table discussion to reality, it has taken them a little over 4 years to achieve this feat. The product today is used by most of the industries/sectors across the globe, and by Fortune 100 and 500 companies for their day-to-day operations and monitoring requirements.

BizTalk360 enables customers using Microsoft BizTalk Server for their integration requirements to manage their server environments in a more efficient way. The key value proposition for the product is that it bridges the gaps in the standard tooling that is made available by Microsoft, especially on the operations and monitoring front.

"The company has significantly grown in the past 4 years – from being a one man show to about 35 employees. It's a great feeling when the world's top companies put enormous trust on your product for monitoring their BizTalk server environments. This keeps us on our heels to deliver the best user experience for our customers and to make BizTalk360 the [go-to product](#) when it comes to BizTalk server monitoring," said Saravana Kumar, Founder/CTO of BizTalk360. It's basically the passion and the drive (love of labour) that has made it possible. There is a long road ahead of us; we as a team are determined to work even harder and bring more exciting features to BizTalk360 and as always will be looking for all the technological challenges that comes our way, Mr. Kumar added.

The [customer base](#) of BizTalk360 spans over 26+ countries across the globe and the product is a Microsoft Gold Certified ISV Partner for Application Development and Silver certified for Application Integration.
