

Receive cyber security case studies from SSE, DECC, National Grid and British Gas | Oil and Gas Cyber Security

Oil and Gas Cyber Security 2015 will feature case studies & project updates delivered by organisations including SSE, DECC, National Grid, British Gas and more.

LONDON, ENGLAND, UNITED KINGDOM, October 5, 2015 /EINPresswire.com/ -- SMi's 5th annual [Oil and Gas Cyber Security](#) conference, taking place on 30th November - 1st December 2015 in London, will evaluate current cyber security measures with keynote presentations and [case studies](#) from SSE, DECC, National Grid, British Gas and more. The two-day programme will build on the success of the 2014 event and discuss recent efforts to bolster protection of highly valuable intellectual property and [commercially](#)

[sensitive information](#). Managing security of networks and wireless communication systems, as well as defending IT infrastructure from external virus attacks and internal compatibility threats is a top priority.

Key case studies at SMi's 5th annual Oil and Gas Cyber Security conference include:

- How the UK energy networks are organising to face the increasing threat to supply
Ewen MacDonald, Head of Information Risk and Security, SSE
- DECC and Energy Sector Cyber Security
Deborah Petterson, Head of Energy Cyber Security, DECC
- Challenges of Cyber Security in the Critical National Infrastructure
Graham Wright, CISO & Global Head of Digital Risk and Security, National Grid
- The Digitalisation of the Oil & Gas Sector – Internet of Things
Chris Patten, Enterprise Architect, Technologist, British Gas
