

Specialty Store Services launches S-CUBE custom fixture division

Threefold growth drives the decision to focus on the unique needs of chain clients

DES PLAINES, ILLINOIS, UNITED STATES, October 8, 2015

/EINPresswire.com/ -- [Specialty Store Services](#), a leading provider of fine-quality [custom fixtures](#), stock fixtures and supplies, has created [S-CUBE](#), a new division focusing on its fast-growing custom fixture business.

“Our custom business has grown threefold in the past few year,” said Managing Partner Eric Weinstein. “To better service the unique needs of our custom program chain customers, we are proud to announce the launch of S-CUBE.”

For the past 30 years, the custom division has been operating under the Specialty Store Services name in conjunction with the company’s catalog division.

S-CUBE is now a separate division, providing retail chain clients with dedicated staff experts in sales, project management, and engineering. The new organization will better support the

complex program requirements of custom fixture development, production, and distribution.

Specialty Store Services and its new S-CUBE division are a second-generation family-run business, dedicated to excellence. Eric Weinstein and Evan Finke are the company’s managing partners.

“Our reputation and commitment to customer service and quality work drive everything we do,” Finke said. “What this means to our clients is that our entrepreneurial spirit and customer-centric approach are the foundation of every project. Our core focus is on delivering the best custom fixture solutions to the market.”

S-CUBE is committed to seamlessly integrating ideas, processes, and resources into solutions that

are customized to support specific program needs. The strategic leveraging of the company's manufacturing, engineering, and logistics resources allows the company to provide consistent fabrication of high-quality fixtures, adherence to stringent production schedules, and to meet budget goals.

S-CUBE's strategic manufacturing partnerships combine both domestic and off-shore production of high quality custom fixtures in metal, wood, and mixed material options for leading retailers across the U.S. Just a few of the clients S-CUBE serves: Beall's, Books-A-Million, Follett Book Stores, Game Stop, Goodwill Industries, H&M, Lids, MC Sports, Meijers, NY & Co., Sears, Stage Stores, Under Armour, and Vanity Fair.

About Specialty Store Services

Founded in 1987 by two friends in a garage, Chicago-based Specialty Store Services has a rich, 30-year history of success in providing both fine-quality custom fixtures and stock fixtures and supplies. Publishing the industry's most comprehensive retail display and supply catalog, their client list boasts more than 100,000 retail customers worldwide. For more information visit scubefixtures.com.
