

# PowerHealth partners Blue Crystal Solutions for Oracle database services

*PowerHealth Solutions has partnered with Blue Crystal Solutions to provide Oracle database services to customers of their enterprise billing system.*

ADELAIDE, SOUTH AUSTRALIA, AUSTRALIA, October 20, 2015 /EINPresswire.com/ -- PowerHealth Solutions has partnered with applications and database management company Blue Crystal Solutions to provide complementary Oracle database services to customers using the [PowerBilling & Revenue Collection](#) enterprise billing system.

The partnership benefits the PowerHealth Solutions customer base by providing strong Oracle database management services to support their in-house IT team, especially during the implementation of the PowerBilling & Revenue Collection (PBRC) system.

The PBRC enterprise billing system is in high demand throughout Australia and internationally as it uniquely meets the complex requirements of healthcare billing and successfully automates many of the manual tasks required by other more generic billing systems.

“

We are proud to be partnered with PowerHealth Solutions. Their systems are highly configurable, rapidly installed and are well suited for integration with Oracle installations.”

*Vito Rinaldi, Blue Crystal  
Managing Director*

PowerHealth Solutions customers, with extensive experience in complex environments for large organisations. Blue Crystal Managing Director Vito Rinaldi said, "We are proud to be partnered with PowerHealth Solutions. Their systems are highly configurable, rapidly installed and are well suited for integration with Oracle installations."
