

Des Moines' Koch Facial Plastic Surgery Sponsors Range of Programs

The Des Moines plastic surgery practice annually supports local charity events benefitting organizations promoting the health of women and families.

DES MOINES, IA, USA, November 1, 2015 /EINPresswire.com/ -- Koch Facial Plastic Surgery & Spa (www.kochmd.com), a Des Moines practice whose plastic surgery specialists both have strong ties to the community, demonstrates its commitment by annually supporting programs that recognize and assist area women, children, and families.

"Our practice is extremely grateful to have the opportunity to help these valuable organizations and the programs they operate," Dr. Brenton Koch says. "This is a tight-knit community, and these are essential programs benefiting individuals who deserve our support."

Among the events sponsored by the practice is the recent [Wine, Women & Shoes®](#) event held in October benefitting the Iowa Coalition Against Domestic Violence. The gala event includes a fashion show and silent and live auctions to help raise money for the organization.

Dr. Brenton Koch and Dr. Cody Koch are both natives of Iowa who returned to the region to offer facial plastic surgery services in their home state. Dr. Brenton Koch established the practice and was later joined by his nephew.

Other events sponsored by the practice include the annual [Women of Influence](#) awards, which celebrate the work of women who have made a difference both personally and professionally, and the [Children & Families of Iowa](#) Tango in the Terrace.

"Children & Families is an outstanding organization that provides an array of services throughout the state," Dr. Koch says. "We are happy to do what we can to support women and children."

The practice also continues to annually support the Mercy Medical Center's Mammogram Assistance Fund to help make annual mammograms accessible to women who may not be able to afford them.

"The majority of the patients at our practice and day spa in Des Moines are women," Dr. Koch says. "Annual mammograms are so important to early detection of breast cancer, and we believe contributing to Mercy's fund is an excellent way to give back to our patients."

###

Koch Facial Plastic Surgery & Spa (www.kochmd.com) in Des Moines, Iowa, was established by Dr. Brenton Koch, a board-certified facial plastic and reconstructive surgeon. His nephew, Dr. Cody Koch, is board certified in otolaryngology and specializes in cosmetic and reconstructive surgery of the face. The practice offers a well-rounded approach to facial aesthetics and overall health exemplified by its day spa and wellness clinic, in addition to cosmetic surgery services. Dr. Brenton Koch earned his medical degree from the University of Iowa College of Medicine and completed his residency at the university's prestigious Department of Otolaryngology — Head and Neck Surgery. Dr. Cody Koch earned his medical degree from the Mayo Medical School and completed advanced head and neck surgical training at the renowned Mayo Clinic.
