

Nexter Systems Announce Exclusive Briefing for Future Armoured Vehicles Survivability 2015

Future Armoured Vehicles Survivability 2015 will address recent industry developments to help you optimise your armoured vehicle platform for maximum protection

LONDON, ENGLAND, UNITED KINGDOM, November 9, 2015 /EINPresswire.com/ -- With Armoured Vehicles remaining at the forefront of military operations, SMI's Future [Armoured Vehicles Survivability](#) 2015 conference, taking place on 23-24 November 2015 in London, will provide the ideal platform to give you and your respective defence force an unrivalled opportunity to hear from some of the world's leading Armoured Vehicle OEMs and pioneering industry solution providers covering, in detail, 10 of the world's most survivable [Armoured Vehicle programmes](#).

Nexter Systems are just one of the Armoured Vehicle OEMs confirmed to share their latest [survivability strategies](#) at the highly anticipated two-day event along with showcasing two of their Armoured Vehicles programmes, VBCI and Scorpion. It is therefore with great pleasure we announce that Mr. Bernard Berger, Head of VBCI Export Product Line and Mr. David Lebaillif, Vehicle and Protection Design Engineer of Nexter Systems, will be delivering a presentation on Day Two of the conference at 12.15 titled, 'Methodology and Tools to Design Highly Protected Armoured Vehicles against Mines and IEDs':

- Protection system engineering embedded in system vehicle engineering
- Protection design process and development cycle
- Methodology and tools from detonation to survivability

In total there are 10 specific armoured vehicle programmes being briefed on, giving you the latest key insights into the survivability and blast protection capabilities of the following land systems:

- ABBS: VGAM
- ARTEC: Boxer
- BAE Systems Hägglunds: CV90
- FNSS: PARS 8X8
- General Dynamics Land Systems: Scout SV Ajax
- General Dynamics: MOWAG Piranha
- General Dynamics: Pandur II
- Nexter Systems: VBCI
- Nexter Systems: Scorpion
- Thales Australia: Hawkei

We also now have 13 exhibitors showcasing their very latest Armoured Vehicle technologies, solutions and services, making this a perfect opportunity to gather intelligence and build contacts that

will help you advance the future capability of your Armoured Vehicle programme.

Exhibitors include:

- CeramTec
- FNSS
- UTC Aerospace Systems
- ABBS
- Alcoa Defense
- AmSafe Bridport
- ARTEC
- Horstman Defence Systems
- Isoclima
- Microflown Avisa
- Nexter Systems
- Skydex Technologies
- Soucy Group
