

WOMANIZER: "Knowing" Wonderful Women

Great Winter Reading, a Book Written for the Boys, but which Women Find Fascinating and Heartwarming

NEW YORK, NY, USA, December 2, 2015 /EINPresswire.com/ -- BOOK REVIEW: "KNOWING" WONDERFUL WOMEN
by Marvin Rubinstein

GREAT WINTER READING. A BOOK WRITTEN FOR THE BOYS BUT WHICH WOMEN FIND FASCINATING AND HEARTWARMING

My name is Alexandria Jackson and I'm reviewing the book 'Womanizer. First, I truly enjoyed the novel novel. I didn't think I would. I suspected I would be

outraged in parts and disgusted in others. That was not the case. Your respect and [obvious love for women](#) overshadowed any reservations I had.

Womanizer recounts the sexual memoirs of a confirmed womanizer appropriately named Randy Rosen. Although the book is subtitled, "A Novel Novel," it reads like an autobiography. The story begins with an 82-year-old man having discovered that his first love recently died. The death of "Annie" prompted a nostalgic reminiscence of all the women he has "known." He describes his initial sexual contact with Annie at age 16; the subsequent incredible emotional highs that can only be found within the angst of adolescent relationships and the inevitably painful ending.

Randy and Annie dated for two years beginning when he was 16 and she was 15. Four months after he went away to college, having been fully immersed in his studies, he arrived back home assuming his relationship with Annie would be as it had been. In a normal relationship, the expectation is that New Year's Eve will de facto be spent with your partner. However, not having heard from him since Thanksgiving, Annie had made other plans.

The betrayal by Annie, Randy believes, is the triggering event that shaped his becoming a womanizer. In his words, womanizers are made, not born. By his report, he has never fully trusted a woman again. Nevertheless, he clearly loves women.

In school, Randy had been a bookish, nerdy student who had never developed an interest or aptitude for sports. Perhaps his alienation from the jock crowd and his leaning toward liberal politics put him in touch with more women than men. Whatever the reason, he prefers being with women.

He enjoys and celebrates the whimsical in changes of heart that women have. He relishes their unpredictability. He cultivates women as friends rather than hanging out with male friends. He revels in sexually satisfying many of the women that cross his path, but he has never trusted any woman since Annie.

Womanizer is [not just a book about sex](#). Randy also tackles some interesting issues. He defines the word "womanizer." He attempts to address the "subservient" misconception of Asian women, and he touches on the sensitive subjects of physical abuse, mail-order brides, and occasional impotence. While not everyone will agree with his conclusions, he bases his theories on his vast experience with the many different sizes, shapes, shades, and personalities of the fairer sex.

Randy is unabashedly non-monogamous when single. He prides himself on not leading women on, by having broken few hearts, by not telling the majority of his conquests that he loves them unless he truly meant it. Within his role of Lothario, he had his own code of honor. He has been married twice, for a total of 30 years, and has never cheated while married.

Regarding his own maturation and his flashes of insight into understanding women, Randy says:

"A little maturity had made me wiser. When you've got a good thing going, you think twice or ten times before giving it up because of some irrelevant altercation."
