

"Asian Super Team: Team Up For Good" in Taichung

Creativity and Popularity, the Outrageous First Taiwanese Opera Interpretation.

TAIPEI, TAIWAN, December 3, 2015 /EINPresswire.com/ -- The second "[Asia Super Team](#)" competition sponsored by the Bureau of Foreign Trade and held by the Taiwan External Trade Development Council is a one-month Internet popularity contest selection. Six national contestant teams from Japan, South Korea, Singapore, Malaysia, Thailand, and Australia have arrived in Taiwan to participate in the 5-day, 4-night competition from October 12th to October 16th. This competition integrated

the corporate social responsibility (CSR) theme to design competitions such as the "Farming and Fishing Village Repair Challenge," "Community Historical Excavation Trip," "Taiwan Award Resource Q&A Session," and "Achievement Briefing." The innovative "Community Historical Excavation Trip" is held on October 14th in Taichung.

Refried Dreams

Today, the first stop is the maple community in Taichung that has won several international environmental certifications. The six national teams learned how to make environmentally friendly soaps from recycled frying oil. The process effectively solves local waste-oil pollution problems as well as making great soap, and the proceeds go into an environmental protection fund for the maple community environmental protection school. The efforts not only contribute to the protection of Earth, they are also a perfect ending to a borderless environmental protection exchange contest.
