“Mother Nature has been very kind to us in providing a stunning natural backdrop for weddings here and the rest of the success is due to the resorts, wedding planners, chefs and all those in the romance tourism sector who work diligently to provide a stellar product that keeps couples coming here to take their vows and then enjoy their honeymoons. We are very grateful for this award.”

The Bahamas has such diverse offerings for weddings. Couples can marry on one island and honeymoon on another, have a ceremony underwater, or have dolphins in attendance.

There are large resorts, private villas or small guest houses that offer as much excitement or as much seclusion as a couple could desire. And the wealth of cuisine options is varied, fresh and delicious. With so many individual islands, each with its own characteristics, offerings and cultural elements, there is literally something to suit everyone and every budget.

So if you're thinking about getting married, remember It's Better in The Bahamas!
