The amusing MMO has won the hearts of millions players all over the world.

SHANGHAI, SHANGHAI, CHINA, December 22, 2015 /EINPresswire.com/ -- An enchanted world of hundreds of critters awaits the brave! Haypi Monster: [The Lost Tower 2.0.0](#) has just been released by [Haypi Co., Ltd.](#) This is a big update to this fascinating MMO. There are many new features that aim to become fans' favorites. The developer Haypi once again proved to be extremely creative and caring towards their gamer fans.

The long-awaited League feature is available in Haypi Monster: The Lost Tower 2.0.0 for the first time. This cool innovation is probably the most exciting part about the new update. Players on Floor 3 or above can find a league to join, which will allow further multi-player interaction. A League can consist of players from different floors. To encourage better team-spirit, Haypi has also introduced a new chat room for conversations among the league. League fund is cost in League upgrade and research. Fund comes from members' offering and League activity. Besides, Offerings will be gained when the gamer offers money to the League or

participates in League activity. This feature is exciting, because each player can use his Offerings to buy items in League Merchant. The League level dictates the member count limit, variety of items available with the merchant. The higher the level is, the higher the limit. The Members can make contributions to the League, and being in the League will help them a lot. It's an Amazing magical world of critters and tamers.

Haypi Monster: The Lost Tower 2.0.0 now brings about a new activity - the Rift Quest! This is a wonderful new activity related to the newly added League feature. In fact, the Rift Quest is a League PVE. It can only be opened by League Captain. All the members can access it from the main screen.
