

Cryptocurrency DNotes 2015 Year in Review

DNotes had a productive year in 2015, launching several products and announced their 2016 launch of the company and small business book.

CHICAGO, IL, USA, January 7, 2016 /EINPresswire.com/ -- 2015 was a busy year for DNotes. The company saw to the creation of multiple savings plans to help either retired persons or attending university students. It is also seeking to create a new business entity that fully integrates the blockchain, and DCEBrief has set out on a mission to provide solid, no-nonsense stories regarding DNotes and the world of digital currency in

general. When all is said and done, DNotes clearly has a lot on its plate, and this is JUST THE BEGINNING...

December – DNotes Announces Company Launch and Book for Small Business Owners for 2016

DNotes today announced the early 2016 release of a book for small business owners. The announcement comes on the heels of October's revelations about the company's plans for the launch of a new for-profit enterprise next year. DNotes officials have confirmed that the new company launch and the planned book release are part of an ongoing strategy to differentiate the DNotes ecosystem and better serve partners and customers throughout the cryptocurrency industry and beyond.

February – DNotes Launches New Retirement Plan Set to Help the Underfunded and Unbanked

The plan is set to offer up to 12 percent annual returns for participants. In today's economy, many are underserved by the traditional methods of modern-day banks, and it's becoming harder to save for retirement. DNotes is aiming to change all this through its own digital currency, which is not only completely secure, but is slated to grow heavily in value.
