

Rock Creek Spine & Rehabilitation Center Selected '2015 Talk of the Town - Readers Choice' Winner

City of Broomfield residents chose the clinic as Best Chiropractor during a three-month online contest sponsored by The Broomfielder Magazine.

BROOMFIELD, CO, USA, January 8, 2016 /EINPresswire.com/ -- The votes are in and Broomfield residents have spoken: The best spot to get relief from back pain is [Rock Creek Spine & Rehabilitation Center](#).

In an online poll held from July 2015 to September 2015, "[The Broomfielder Magazine](#)" asked its readers to share their favorite locally owned businesses and vote for their favorites in a variety of categories, including Food & Dining, Best Services, and Tops for Kids. Rock Creek Spine & Rehabilitation Center was voted Best Chiropractor and announced in November's issue of The Broomfielder Magazine.

"This award means the world to us. We strive to provide a caring, friendly experience for our patients. Being in pain isn't fun, which means the experience of being treated for back pain should be as comforting as possible. I believe this award shows that we've achieved that goal for our patients," said Dr. Ryan Groelz, who owns Rock Creek Spine & Rehabilitation Center with his wife, Dr. Melissa Groelz (<http://www.rockcreekspine.com/>).

Rock Creek Spine & Rehabilitation Center offers a comprehensive approach to care, incorporating state-of-the-art chiropractic treatment with integrative techniques like fitness classes, acupuncture and therapeutic massage. The office includes on-site x-ray, physical therapy, and physician-guided weight loss to help the Broomfield community get relief from pain and live a healthier life.

"This comprehensive approach to care is what makes us different. We want to not only treat pain, but the whole person. We want to help our patients uncover the root of the pain so it doesn't come back. And if our team can help a patient live pain-free, they will want to tell their friends and family - and our patients have just done that by voting us Best Chiropractor. We're honored to have a role in creating a healthier community," said Dr. Melissa Groelz.
