

# Crowdfunding started to pave the way for Investors and Entrepreneurs in India and Middle East

*Crowdfunding alternative form of finance*

DUBAI, DUBAI, UAE, January 9, 2016

/EINPresswire.com/ -- Do you believe that your idea is worth funding? Are you struggling to get capital for your startup? Then come to the international source of capital fund and gain ample support for your unique and creative idea.

The toughest part about starting a venture is finding a source of capital. Many people take out loans to make their dream or idea alive and spent their whole life to pay back these debts. Now the things have changed. The old loan and funding system has replaced by the new concept which is known as [Crowdfunding](#), the micro financing of a project or ventures by a large number of funders in an online setting. Simply it can be said as the solicitation of funds from multiple investors through a web based platform or social networking sites for a specific project, business venture or social cause. Since the late 1990s, this new form of informal financing system has been emerging as one of the best tools and successfully built up a new standard of

excellence in the capital marketing.

This mode of financing is not new. What is new in crowdfunding is that it uses the capabilities of social network and other features of internet which enables the large number of users. There arise the question, how this becomes so popular? It's because of its extensive scope and simplicity of function.

“

The coming year is the year of Crowdfunding and it is the most vibrant and fruitful accomplishment to strengthen the global entrepreneurial environs

The fiscal crisis of 2008 had paralyzed the whole financial market and traditional system based on banks and other business establishment failed to keep the economical balance. It is during that time Crowdfunding emerged and re-established a strong financial system and a global entrepreneurial environs.

Crowdfunding has become the most viable way to fund the creative ventures and startups. There are more than 600 crowdfunding platforms around the world. But still so many people are not aware of this flexible source of capital. Startups and creative project such as music, art, and films get more privileges through this platform. It also helps the early
