

# NEXTPERT NEWS REVEALS NEW TECH TRENDS FROM CES

---

*NEXTPERT NEWS Editor in Chief Katlean de Monchy takes an in depth look at smart technology and how it's changing our lives today - and tomorrow.*

NEW YORK CITY, NY, USA, January 11, 2015 /EINPresswire.com/ -- Revealing a first look at "smart" new consumer products - from household musts to virtual reality experiences - all new and being unveiled at [CES](#) in Las Vegas, editor in chief of Nextpert News, Katlean de Monchy, shares the scoop on Purposeful Lifestyle Innovations for 2016. With half of US homeowners either already invested in "smart-home technology" or planning to invest in it this year, according to an important new survey, there's a lot to learn about the amazing things "smart gadgets" can do for us. Trends reporter Katlean de Monchy, the founder of the New York City tech and fashion innovation showcase, styleXtech, reveals just how we're going to be living smarter today - and tomorrow.
