

# Mobile Deployable Communications 2016: Latest updates from Polish MoD, German MoD, French MoD, Hungarian MoD...

*SMI reports: SMI proudly presents its 9th annual Mobile Deployable Communications conference taking place on the 4th-5th February in Warsaw, Poland*

WARSAW, POLAND, January 12, 2016 /EINPresswire.com/  
-- [MDC 2016](#) will bring together 80+ senior military/government representatives and industry experts to further develop deployable network capabilities and provide further updates on national military capabilities and requirements from all over the world.

Delegates will get the unique opportunity to network with CIS Directors, CIS Operations Managers, C4ISR Project Managers, Communications Engineers, Heads of Procurement from Slovak Armed Forces, Polish Armed Forces, Netherlands Ministry of Defence, EU Military Staff, French Ministry of Defence, Canadian Department of

Defence, US Army Europe and many more.

For more information or to download the full agenda please visit the event website [www.mobiledeployable.com/EIN](http://www.mobiledeployable.com/EIN)

The conference will provide updates on national military capabilities and requirements around Europe, including the eastern European nations.

*SMI Group*

The [conference](#) will provide updates on national military capabilities and requirements around Europe, including the eastern European nations. Critical topics will be addressed such as ensuring more robust networks, the potential for interoperability in deployable communications, the need to strengthen cyber defence in tactical communications as well as technological solutions to consistent end-user problems.

Benefits of attending:

- Meet, network and hear from the Polish Armed Forces
- Listen to recent operational case studies from national and multinational commands and learn about overcoming the critical challenges
- Hear capability and requirement updates and how tactical communications are being optimised from across Europe
- Learn how to make your network more robust and adaptable across operations
- Discover strategies to overcome ever-present threats such as cyber attacks

For more information please visit the event website [www.mobiledeployable.com/EIN](http://www.mobiledeployable.com/EIN)

With less than three weeks to go those interested in the [Mobile Deployable Communications](#) conference are advised to register as soon as possible to secure their place.

MDC's Gold Sponsor is RUAG and other Sponsors/Exhibitors include: Airbus Defence and Space, Cisco, GATR Technologies, General Dynamics Mission Systems, NSSL Global, Tampa Microwave, Thales Communications and XTAR.
