

PowerHealth partners with Canadian Healthcare Management to bring Patient Costing to Canada

PowerHealth Solutions has entered the Canadian healthcare market by partnering with change capability and management consultants Canadian Healthcare Management.

ADELAIDE, SOUTH AUSTRALIA, AUSTRALIA, January 20, 2016 /EINPresswire.com/ -- PowerHealth Solutions has entered the Canadian healthcare market by partnering with change capability and management consultants Canadian Healthcare Management.

PowerHealth Solutions (PHS) is a healthcare administration software vendor, which has been specialising in patient costing and decision support for 20 years. Their award-winning [PowerPerformance Manager \(PPM\)](#) system is the leading patient costing solution in Australia and New Zealand — adopted across all public hospitals by the majority of Australian State Health Departments and the largest District Health Boards in New Zealand.

Canada's universal healthcare system has relatively high access, quality and satisfaction, compared to the United States, yet this system is ranked 10th out of 11 wealthy nations, ahead of only the US (1). Since 1997 healthcare costs in

Canada have increased sharply (2), so that similarly to healthcare systems worldwide Canada has a need to contain costs while meeting increasing demands.

Canadian Healthcare Management (CHM) is a well established organisation specialising in improving healthcare services and bending the cost curve using emerging technologies and process management expertise.

CHM Managing Partner John Sexton said, "After extensive research, our opinion is that
