

Carol Ann Arnim of Creating What You Desire to be Featured on CUTV News Radio

KENSINGTON, PRINCE EDWARD ISLAND, CANADA, January 21, 2016 /EINPresswire.com/ -- Despite the inevitable and often tragic circumstances of life, a person can rise above and embrace their true essence to carry them through in the midst of crisis.

Carol Ann Arnim proved that. Her husband Robert died of lung cancer just before their fourth wedding anniversary. In her grief she raised and trained two Guide Dogs for the Blind and three puppies for Canine Companions for Independence. Life became purposeful and worth living.

Carol Ann recounts her story in *Crossing My Rainbow Bridge*, a collection of short stories about overcoming loss and facing down seemingly insurmountable challenges.

"The book is very much about synchronicity," says Carol Ann. "I taught myself to follow the trail of synchronistic bread crumbs gifted to me by the divine. If you choose to pay attention, your life can become pretty magical."

Today, Carol Ann is the founder of *Creating What You Desire*, where she helps clients overcome their issues through a unique energy modality known as Faster EFT.

"Faster EFT had all the criteria I was looking for to embrace my potential," says

CREATING WHAT YOU DESIRE

Carol Ann. "I was amazed where my mind took me. That's why this process is so powerful. You're able to see change in a quick period of time and the tapping becomes a lifetime habit."

Created by Robert Smith, Faster EFT stands for Emotional Focused Transformation which is a combination of EFT, hypnosis and NLP. Faster EFT can address any issue such as addiction, weight, abuse, grief and fears.

“Every person has something they are looking for, searching for and desiring,” says Carol Ann. “People are not broken. There’s nothing wrong with you. It’s how you carry the information within your body. Through Faster EFT you are able to release information and replace it with something good.”

Carol Ann begins work with a client by conducting an intake of personal history and current issues. She leads clients through the various points you tap on your body. In the process of tapping on these points, you can dislodge the cellular memory of what you are desiring to change.

“My goal is to be of service to as many people as possible and in turn those people will help others. One cannot heal only oneself, you are impacting others in the process. It creates a ripple effect spiraling outward in to the universe. This is why I love this work. I am in love with service to others.”

CUTV News Radio will feature Carol Ann Arnim in an interview with Jim Masters on January 25th at 9am EST.
