

# Emerging Trends in Pre-filled Delivery: Next Generation Component Innovations and Risk Mitigation Strategies Unveiled!

*SMI's 3rd annual conference "Pre-Filled Syringes East Coast" returns to Iselin, New Jersey, USA this April*

LONDON, ENGLAND, UNITED KINGDOM, January 26, 2016 /EINPresswire.com/ -- SMI are delighted to have West Pharmaceuticals, present a keynote address at the 3rd annual conference "Pre-Filled Syringes East Coast" when it returns to Iselin, New Jersey, USA this April.

With the global prefilled syringes market expected to grow with a CAGR of 12.9% during 2015-2020\*, Royce Brockett, Senior PFS Platform Product Manager from West Pharmaceuticals, will deliver insight onto market trends as well as new approaches to component design for optimized performance to meet evolving prefilled delivery requirements.

West Pharmaceuticals, who are sponsoring the show alongside Ajinomoto Althea, Mitsubishi Gas Chemical, Nemera, Noxilizer, Overlook Industries, Terumo Corporation and Zeon, will also be hosting the networking lunch.

Other key speakers on the [agenda](#) include: Janssen R&D, Novo Nordisk A/S, Sanofi, MedImmune, Merck, Eli Lilly, Pfizer, Genentech, Amgen and Allergan.

The conference and exhibition will aim to help attendees to:

1. Develop strategies for market entry and expansion by identifying key developments and trends for advanced injection devices.
2. Benefit from an agenda tailored towards driving commercial competitiveness of patient-centric device design with 14 hours of content.
3. Gain an overview of the latest innovations in PFS, patient monitoring and ergometrics to increase value and compliance.
4. Identify new windows of opportunity to cartridge and needle components as per the device safety, to streamline and lower manufacturing costs.
5. Improve product quality and escape regulatory risk through informed guidance on the US-FDA Combination Product Review, EU approval requirements, PQRI best practice; and Extractable & Leachable (E&L) testing methods.
6. Create a competitive edge through understanding the multifaceted field of human factors.
7. Evolve the primary container for injectable devices by ascertaining syringe configurations suitable for sensitive biologics.

For those who are looking to register, there is currently a \$200 saving available online which expires on January 29th. Further information including a detailed conference agenda is available online at [www.pfsamericas.com](http://www.pfsamericas.com)

3rd annual Pre-Filled Syringes East Coast Conference and Exhibition  
25th - 26th April 2016  
Iselin, New Jersey, USA
