How is this possible? Dr. Michael Curtis, DMD has been practicing Cosmetic Dentistry for over 30 years. He has helped thousands of patients in his Commerce Park office (Near the Trumbull Mall). He explains it as follows: "The goal of Adult Cosmetic Braces is to align

Cosmetic Dentistry & Orthodontics

and beautify the teeth that show when you smile. Because we don't make significant changes to your bite or jaw alignment, treatment can be very fast and easy. New advances in technology have also cut treatment time significantly. The results are amazing. We change people's lives every day!"
