

# Progress Graphs Inc. Launches Lifestyle Visualization and Growth Mobile App

*Progress Graphs is a well thought out, simple and user-friendly mobile app to visualize things important in your life. The app features 17 well designed themes.*

BRAMPTON, ONTARIO, CANADA, February 1, 2016 /EINPresswire.com/ -- The 'Progress Graphs' mobile productivity and lifestyle [app](#) launched today on Apple iTunes and the Google Play Store, the [company](#) announced. The app is FREE to download with added In App Purchases. Progress Graphs enables users to create a visual timeline of their life, including plans and goals. Progress Graphs helps people of all ages plan, visualize and grow.

"We all have dreams and goals for our lives," said Mr. John Gibson from Progress Graphics Inc. "The idea for the app is to put all of it together - text, images, dates - in an intuitive graphic interface that helps you see your career path or draft plan for career transition. With the uncertainty around the world, we want to help people of every age (who really want to prosper and grow) to get what they love by providing this mobile app cum productive tool."

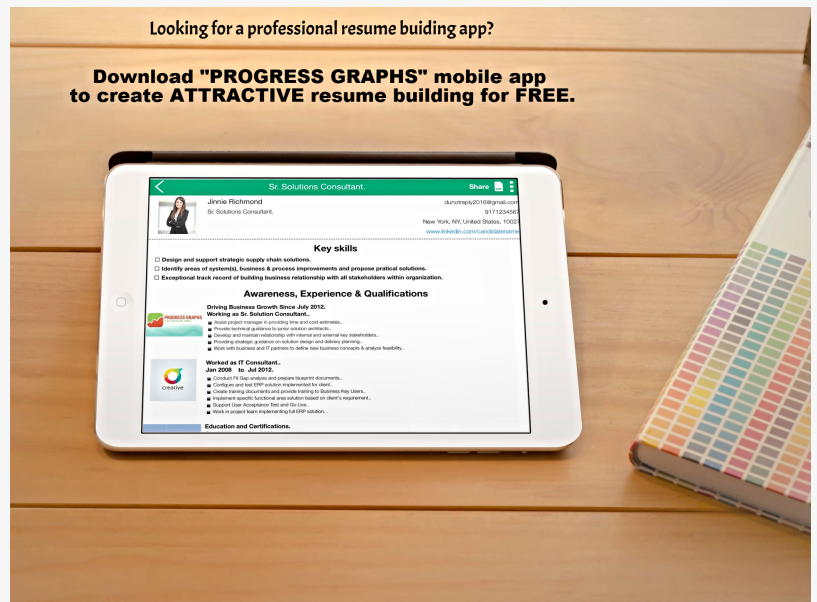

Progress Graphs helps creating family or community photos album and share with friends and family. It also allows user to visualize past and future career paths. Students and teachers can use the app to create historical or scientific timelines

for school projects. Professionals can create attractive visual resumes or New Year resolution. New parents can put together a Baby Book Album with the app, among much other usage. App allows multiple photo upload to create multiple events; not commonly available in timeline mobile apps.

The app starts where typical "To Do List" apps lead off, by allowing user to create segregation of

Example usage of App

Create attractive Visual Resume

tasks. For example: users can create a tasks work section (important & urgent, important but not urgent etc.), Or create a grocery list based on broad items categories like Food, Home Improvements, Clothing etc.

App also allows start-ups / corporate / individuals to compare conceptual growth visually by comparing it to series of plant images growing under needed atmosphere. Progress Graphs app has a total 17 professionally well designed themes fulfilling basic necessities.
