

# Microsoft Access 2016 in cloud - Software as a Service (SaaS) - AppOnFly

Microsoft Access 2016 is now available for a monthly subscription as a remote desktop software from cloud.

SAN FRANCISCO, CALIFORNIA, UNITED STATES, February 1, 2016 /EINPresswire.com/ -- Whether you are a single user or an organization you can now easily access [Microsoft Access from cloud](#) without downloading or installation.

Microsoft Access is readily available as a free 30day trial. When the user decides to subscribe to Microsoft Access online they will pay just a fraction of the standard on-premise offline package.

Mac or iOS users have now an easy alternative to official Apple supported offline Microsoft Access apps.

More about Microsoft Access 2016 Access is now much more than a way to create desktop databases. It's an easy-to-use tool for quickly creating browser-based database applications that help the user run their business. The Access database data is automatically stored in a SQL database, so it's more secure and scalable than ever.
