

Berena Wise Healing to be Featured on CUTV News Radio

LITTLE ELM, TEXAS, USA, February 4, 2016 /EINPresswire.com/ -- You develop new cells every hour of every day. If you are speaking to those cells and allowing those cells to rejuvenate and grow, you're seeing nothing but positive energy. Sometimes you need traditional medicine, but energy medicine can work wonders, too. It allows you to take control of your choices.

Berena Wise is the founder of Berena Wise Healing, an energy healing practice that supports clients on the journey to restore their emotional and physical health.

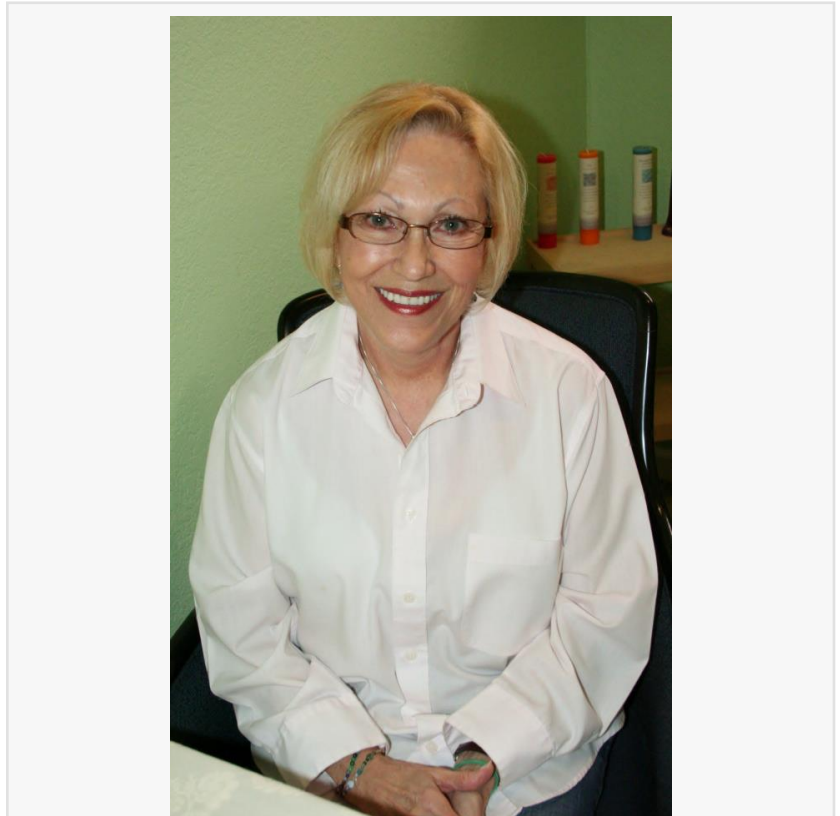

“Your body is designed to heal,” says Berena. “It’s a matter of clearing everything that doesn’t belong and the body will heal itself.”

According to Berena, everything is energy; it’s just how you facilitate it. Sound has the power to heal wounds, ignite our spirit, change consciousness and reunite us with the divine harmonies and rhythms of the universe.

Though Berena is a Reiki Master with extensive training in a variety of modalities to meet her clients’ needs, including Crystal Healing, Cold Laser Therapy and Psych-K, recently she has focused her practice on a restorative energy treatment known as Acutonics.

Acutonics is an energy-based, non-invasive treatment that is similar to acupuncture. Precision calibrated tuning

forks are applied to specific acupuncture and acupressure points to access the body’s energy systems. Their resonance and vibration connects with and supports the body’s natural frequencies, affecting human physiology and reaching places not easily accessed by traditional medicine.

“It feels wonderful and it’s effective,” says Berena. “It feels like

with a wide variety of ailments including muscular-skeletal, neurological, psycho spiritual, emotional, psychological, gastrointestinal, gynecological, respiratory, and many other chronic and debilitating conditions.

But while this healing work is having profound results treating chronic and debilitating conditions, it is also helping people to balance the spiritual, emotional and physical.

“For many of my clients I’m the first person in a long time to actually listen to what’s going on,” says Berena. “For any energy healer to be effective, the clients must be able to connect with them. You have to open yourself up.

“It’s a calling,” says Berena. “I’m not happy unless I can be doing for someone. It feeds your soul and it heals you at the same time. It’s a perfect circle of energy.”

CUTV News Radio will feature Berena Wise in an interview with Jim Masters on February 8th at 3pm EST.
