About ITpreneurs

ITpreneurs is the leading provider of IT training content and services worldwide. Our partners are training and consulting organizations who make use of our library of courseware, certifications and services to develop the technical and management skills of millions of end learners. The library covers both technical and management competencies for certification and non-certification courses. Access to it, along with the training-related services such as trainer certification and accreditation, enables partners to grow their business and offer new courses without having to make investments in content development and maintenance.

Adding RESILIA to the existing AXELOS global best practice portfolio, including ITIL® and PRINCE2®, brings a [common cyber resilience](#) best practice for security, IT service management and business. ITpreneurs has partnered with AXELOS to launch courseware and Train the Trainer (TTT) program for RESILIA, a ground-breaking and much needed cyber resilience best practice portfolio.

ITpreneurs enables IT training business worldwide. Starting is as easy as getting in touch with us. Contact our [partner development team](#) to discuss how you can start licensing our
