About McGill University and SCS

McGill University is an English-language public research university in Montreal, Canada. It was officially founded by royal charter issued by King George IV in 1821. The University bears the name of James McGill, a prominent Montreal merchant from Scotland whose bequest in 1813 formed the precursory McGill College. McGill offers degrees and diplomas in over 300 fields of study, with the highest average admission grade of any Canadian university. McGill counts among its alumni 12 Nobel laureates and 140 Rhodes Scholars, both the most in the country, as well as three astronauts, three Canadian prime ministers, thirteen justices of the Canadian Supreme Court, four foreign leaders, 28 foreign ambassadors, nine Academy Award winners, three Pulitzer Prize winners, and 28 Olympic medalists. Throughout its long history, McGill alumni were instrumental in inventing or initially organizing football, basketball, and ice hockey.

The McGill School of Continuing Studies ("SCS") has an international reputation as a leader in continuing education. Their instructors are dynamic and engaged, their student body, smart and diverse, bringing with them a wide range of experience from all walks of life. SCS is situated at the heart of the city of Montreal, on the main campus of Canada's leading university. Look to Continuing Studies for excellence in teaching, innovative programs, entrepreneurial approaches to education and enabling learner services.
