/EINPresswire.com/ -- About [Whiskey Devils](#)

The novel follows lead character, Evan Powers, as he leaves his dull office job behind, to work exclusively for his roommate and best friend's illegal marijuana growing operation. Unbeknownst to Evan, or just "Powers," as he is often called, his aging hippie roommate, Nick Grady, has a troubled and complex past that quickly catches up to him. When the Russian mafia demands that Evan and Nick make a cross-country journey to deliver illegal substances, Evan's life is forever changed. Nobody is who they seem, including Evan's love interest, the

beautiful Becka.

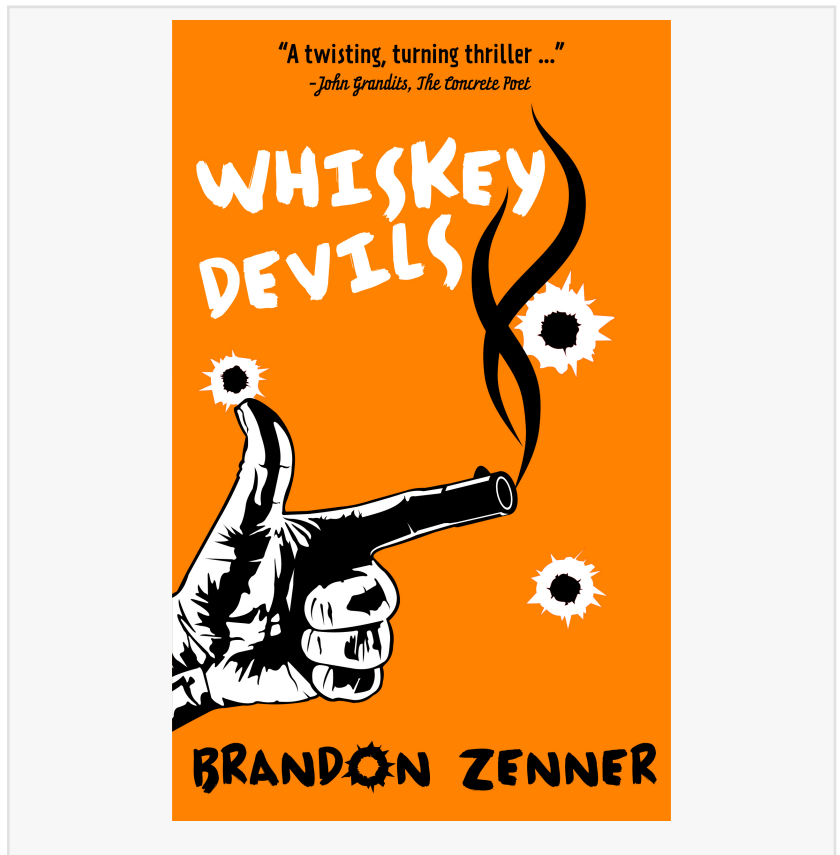

Releasing his work exclusively on Amazon, [Brandon Zenner's](#) previous novel has reached the top charts within its genre, and has garnered positive reviews from sources such as KIRKUS REVIEWS and THE SAN FRANCISCO BOOK REVIEW. The much anticipated, Whiskey Devils, maintains Zenner's use of psychological twists in his story structure.
