

# SEI Club Expands Into Contemporary Art

---

*Private members club offering art acquisition services for members.*

NEW YORK, NY, USA, February 24, 2016 /EINPresswire.com/ -- [SEI Club](#), an exclusive dating and matchmaking service for elite, affluent singles, has expanded its offerings to include a venue for the acquisition of contemporary art.

"Our clientele are among the most elite in the world already," a club spokesperson said. "They demand excellence in all things, and so it made sense for us to start offering an additional service—connecting them with a carefully selected group of artists, dealers and galleries. After incidentally brokering a few private sales, we decided that offering our members the opportunity to acquire some of the most extraordinary contemporary art would add a special value and beauty to their lives."

The service gives members the ability to purchase works by some of the most exciting and innovative painters, sculptors and photographers working today. Another option is private auctions, which allows members to bid on pieces put up for sale by other members.

"Many of our affluent, discriminating members already have pieces of art that they wish to put up for auction," the SEI Club spokesperson said. "By facilitating those auctions, as well as private transactions between members, we can offer members the chance to add to—or even intelligently start—a collection of contemporary art while handling the transaction as a service for other members."

Buying museum-quality contemporary art offers several advantages, the club spokesperson said, including the possibility of financial appreciation. The biggest benefit, however, is the aesthetic one.

"Much fine contemporary art becomes more precious with time," the spokesperson said. "The best advice is always the same, however: make visual pleasure and quality the benchmarks of your buying so you are certain to derive a deep satisfaction from the piece."

More information about SEI Club's contemporary art offerings is available at the SEI Club website.
