

# iBiz Software Inc. has implemented 100+ eCommerce sites with many more scheduled to go-live this year

*15+ years in business, iBiz Software Inc. has been at the forefront of eCommerce implementations for Fortune 500 companies around the globe.*

FRISCO, TEXAS, UNITED STATES, February 29, 2016 /EINPresswire.com/ -- 02/29/16 – iBiz Software Inc., an eCommerce implementation expert, agnostic to the eCommerce platform has charted its course for exciting times ahead. With its 15+ years of global experience, the iBizSoft team has been able to deploy 100+ eCommerce sites and close to another 25 slated to go live this year.

This would not have been possible without its skilled resources who have mastered the latest in technology, and able to deploy effective eCommerce solutions required by the industry, that increases their online sales revenue. Being able to deploy intuitive designs and enhanced customer experience has been the key for iBizSoft success. As Wade Peddy, CTO for TIGI Linea said, “iBizsoft continues to be our go-to resource for iStore customization and implementation efforts”. iBizSoft stands out from other organizations, with its unique experience and service offerings in the eCommerce space that includes PCI Compliance to lower the credit card costs incurred by the merchants. Fortune 500 companies have benefited out of PCI compliant eCommerce sites with integration of the same feature to the backend ERP systems.

With Cloud-based eCommerce solutions, the iBizSoft team has leveraged Open Source MEAN Stack solutions to its advantage and developed a multi-tenant, multi-language eCommerce platform.
