

Washington DC Invites You to Water and Energy Resolution Day

Top experts and decision makers will be at University of DC on April 7th, WGES.US will be held at the 96,000 Sq.Ft. LEEDS Platinum building, .

WASHINGTON, DC, UNITED STATES, March 7, 2016 /EINPresswire.com/ -- Top experts, decision makers, and investors will unveil latest economic opportunities & innovations in new energy and on the \$7 trillion market space program to be held at the brand new 96,000 square foot LEEDS Platinum new gem of DC.

The District of Columbia will serve as host and the University of the District of Columbia will serve as sponsors for the 2016 [World Green Energy Symposium](#) (WGES) program scheduled to take place on Thursday, April 7 - 8 2016. The program's focus for this year is [energy and water](#). WGES is known for attracting some of the top experts and best minds in new energy and sustainability from across the globe. The multi-discipline audience who attends the WGES - and who is invited to register - consists of visionaries, decision makers, leaders, policy makers, buyers, investors, and innovative thinkers.

WGES.US is held at UDC Platinum LEEDS Student Center Building

In addition, the 2016 WGES Recognitions and NOVA Award Recipients, include for Sustainable Buildings, GSA 1800 F Street Modernization Project (to be accepted by Mr. Kevin Kampschroer, GSA Chief Sustainability Officer), and the University of the District of Columbia LEEDS Platinum Student Center. The Advocate of the Year recognition will be presented to Mr. Ron Uba, U. S. Department of Commerce, MBDA Senior Specialist, Access to Procurement Team includes Green Energy & Construction. The 2016 WGES will be held in the brand new pride of Washington, DC, the new LEED Platinum 96,000 Sq. Ft. University of DC Student Center Building. A private tour of the facility is included for all WGES attendees.

“

At the WGES you will meet the game changers and get a firsthand foothold on this 7 trillion dollar economic

[WGES.US](#) has made its mark consecutively since its

inception with a program focused on renewable and advanced technologies/innovations as the vantage point in the new economy for creating and maintaining jobs, contract and exporting opportunities and policies leading to economic vitality and a healthier planet.

The Top 8 Reasons Participants Register for this program year after year, they;

1. Hear from Top Experts as they unveil future projects, case studies, latest incentives, forecasts, policies and share steps how to grow in this "\$7.7 trillion dollar*" space.
2. Learn about latest initiatives affecting new and alternative energy consumption,
3. Connect with top experts and leaders and decision makers.
4. See latest innovative products and technology firsthand.
5. Sit in on discussion with prominent government, industry and academia officials.
6. Meet the Angel investors & learn about Grant and Procurement opportunities for this industry.
7. Join in to create potential joint ventures and partnerships.
8. Present products and services to those seeking to buy and invest.

"The WGES footprint is its ability to attract some of the best minds, top decision makers and thought leaders who are seeking energy usage savings solutions and/or looking to increase economic development through the use of sustainable technologies and products. The WGES actual testimonials from participants on outcome confirms this program to be a rare opportunity to meet some of the game changers in the industry and the most innovative and advanced technologies to meet those demands. Whether an innovator, investor, purchaser or decision maker, at the WGES you will find out firsthand opportunities on this 7 trillion dollar space as an economic impicator, job creator and as a vantage point for a healthier planet ."
