

ITpreneurs Partakes in Building a Universal Qualification Program for DevOps

DevOps Skills Association (DASA) is a non-profit organization that provides an open global community for DevOps and Agile Skills development.

ROTTERDAM, NETHERLANDS, March 7, 2016 /EINPresswire.com/ --

ITpreneurs, announced today that it is among the forerunner organizations that have established the DevOps Agile Skills Association (DASA) with the objective to build a Universal Qualification Program for DevOps.

DASA is an independent and open member association aiming at bringing together an global community for

DevOps & Agile skills development made up of member organizations representing leading IT thought leaders both from consulting and training fields from over a dozen countries across six continents. DASA is providing all IT training and consulting organizations with a relevant qualification scheme that reflects the competence development related challenges around DevOps and Agile Skills

“

We encourage everybody to participate in building a program that helps IT professionals and organizations to adopt Agile and DevOps principles.

*Sukhbir Jasuja, CEO of
ITpreneurs*

Development. An initial qualification program has been designed by the founding members to address the skills requirements from as Associate, Practitioner and Expert Level. The objective is to provide the right training paths based on the needs of both individuals and organizations.

The DASA Forerunner organizations are: Altkom Akademia, Auslyn Group, Computrain, Capgemini Educational Services, Deltamine, Electric Cloud, Foster Melliar, Gibraltar Software, Glasspaper, Global Knowledge, IMS Asia, Inedo, the International Software Quality Institute (iSQI), ITera, ITpreneurs, ITSM Professional Consulting, JFrog, Koenig,

Makeit, Pink Elephant, Quint Wellington Redwood, RealDolmen, Simagine Business Simulations, SMIX, UXC Consulting, Wakaru, and Xebia are all members of the DevOps Agile Skills Association.

We welcome any organization to become a member of DASA and participate in defining DevOps roles and the learning objectives for those roles.

"Currently, there is no commonly defined qualification program for DevOps skills development on the market. Agreement on the necessary roles and competencies will be beneficial to both organizations and IT professionals." Says Sukhbir Jasuja, CEO of ITpreneurs.

About DASA

DevOps Agile Skills Association (DASA) is a non-profit organization that provides an open, global community for DevOps and Agile skills development. It is organized as a community-driven platform open to participating member organizations to help define role-based competencies and learning curricula.

To realize its broader purpose, DASA aims to:

- Generate interest in and awareness of the need for skills development
- Define a relevant and vendor-neutral DevOps qualifications program for professionals
- Promote open source qualifications for DevOps Skills
- Ensure a baseline quality for training programs delivered to the market
- Map members' training program content against the role-based competencies baseline

About ITpreneurs

ITpreneurs is the leading provider of IT training content and services worldwide. Our partners are training and consulting organizations who make use of our library of courseware, certifications and services to develop the technical and management skills of millions of end learners. The library covers both technical and management competencies for certification and non-certification courses. Access to it, along with the training-related services such as trainer certification and accreditation, enables partners to grow their business and offer new courses without having to make investments in content development and maintenance.
