

Sycor at Microsoft Envision 2016

Sycor, full-service provider for Microsoft Dynamics AX and Cloud Solution Provider, will exhibit at the Microsoft Envision 2016 in New Orleans April 4-6.

GOETTINGEN, GERMANY, March 10, 2016 /EINPresswire.com/ -- "We are looking forward to exhibiting and networking at the Microsoft Envision. The event will bring together business leaders and decision makers from all over the world providing them with the opportunity to hear the latest business trends and discover cutting-edge solutions," says Frank Jakobi, Sycor Vice President in charge of the global [Microsoft Dynamics AX](#) activities. "This is why we support the Microsoft Envision as a Silver Sponsor." This year's event will be held April 4-6 in New Orleans, Louisiana.

Sycor is a full-service provider for the new Microsoft Dynamics AX and its legacy versions and a Microsoft Cloud Solution Provider with 550 employees and 19 locations worldwide. The experts implement and operate cloud, on-premise and hybrid scenarios. "As a member of the Technology Adoption Program (TAP) we have been involved with the new Microsoft Dynamics AX for quite some time. At present, we are executing several implementation projects based on the new release and are upgrading one customer installation to the new Microsoft Dynamics AX." The comprehensive Dynamics AX portfolio is complemented by solutions and services for Microsoft Dynamics CRM, Azure, Cortana Analytics, Power BI, SharePoint, Skype for Business, Office 365, and other online Microsoft products. "We support our customers throughout their complete value chain," Frank Jakobi explains.

Special Microsoft Dynamics AX expertise

With its solutions Sycor.Rental and Sycor.Fleet, both available for the new Microsoft Dynamics AX, Sycor is Microsoft's Strategic Development Partner for rental and fleet management. Marco Arndt, CEO Sycor Asia who has global responsibility for business development with regards to Microsoft Dynamics AX activities, underlines: "Sycor.Rental and Sycor.Fleet are both available as LCS solutions on the Microsoft Dynamics Azure Marketplace for easy cloud deployment." Based on extensive expertise Sycor executes major international implementation and rollout projects across all industries with a special focus on discrete manufacturing, retail and the process industry. "We established ourselves as a reliable partner for major ERP projects with Microsoft Dynamics AX and the associated development of global templates," says Frank Jakobi. "Our Pittsburgh based team of Microsoft Dynamics AX experts plays an important role in both executing these projects and serving customers in the US."
