

PharmaBoardroom Releases New Mauritius Pharmaceuticals Report

Focus Reports releases its new 60 page Mauritius Healthcare and Life Sciences Report 2016.

LONDON, UNITED KINGDOM, March 16, 2016 /EINPresswire.com/ -- Focus Reports releases its new 60 page [Mauritius Healthcare and Life Sciences Report 2016](#).

[Mauritius](#) is in the process of rebranding itself as a business-friendly, technologically advanced hub for the pharma industry that will act as a bridge between Asia and Africa. This [report](#) offers companies, investors, policymakers, and stakeholders crucial insight into this thriving, vibrant country and market.

It features an exclusive in-depth interview with the President of Mauritius, Ameenah Gurib-Fakim, as well as interviews with senior executives from the island's major companies and leaders of its most important institutions. The report also contains updated facts and figures on Mauritius's healthcare and pharma sectors.

This report is an authoritative assessment of one of

Mauritius's leading industries. Mauritius is on its way to becoming:

“A Smart Island” – As part of its “Vision 2030” plan, Mauritius is moving away from its “sun and sand” image and seriously investing in smart cities, bioparks, higher education, and clinical re-search.

“

The time has come to reach beyond the stereotypical image of ‘sun and sea’ and rebrand Mauritius in accordance with our strengths as “the intelligent island

*Ameenah Gurib-Fakim,
President of the Republic of
Mauritius*

“A Bridge to Africa” – The politically stable and investment-friendly island is located off the east African coast, allowing easy access to the huge, untapped markets on the mainland for both MNCs and SMEs alike. Mauritius is also well connected with India and China in Asia.

“An Investment Paradise” – Income and corporate tax is set at 15 percent, the legal system is robust, the fiscal system has been simplified, and the current government has removed much needless red tape from the healthcare and life sciences industries after identifying it as a key growth driver.
