

Rhode Island Mesothelioma Victims Center Now Urges a Family Dealing With a Diagnosis in Rhode Island to Call Them about What Law Firms Produce the Best Compensation Results

NEW YORK, NEW YORK, USA, April 1, 2016 /EINPresswire.com/ -- The Rhode Island Mesothelioma Victims Center says, "If you are concerned about getting the best possible compensation for mesothelioma in Rhode Island after being diagnosed with this rare cancer caused by asbestos exposure please call us at 800-714-0303 to ensure you are talking to the nation's most experienced mesothelioma attorneys. Please don't gamble with mesothelioma compensation by hiring an unskilled, or less than experienced lawyer to handle a mesothelioma compensation claim.

"We know it is incredibly confusing trying to sort out how to hire a mesothelioma lawyer if you or your loved one has been diagnosed with this rare cancer. Our number one priority is to make certain our clients get the best possible mesothelioma compensation and we have a decade plus worth of references that demonstrate our commitment to excellence when it comes to how we take care of our clients.

"As we would like to explain anytime we are full time mesothelioma lawyers and we help people with mesothelioma in Rhode Island get the best financial compensation settlements and we make house calls. In other words we come to you-you do not have to come to us. If you have been diagnosed with mesothelioma in Rhode Island please call us at 800-714-0303 because we would like to make a case as to why you should hire us." <http://RhodeIsland.MesotheliomaVictimsCenter.Com>

The Rhode Island Mesothelioma Victims Center wants to emphasize their unsurpassed free services are available statewide throughout Rhode Island in communities such as Providence, Warwick, Cranston, or Pawtucket.

For the best possible mesothelioma treatment options in Rhode Island the Rhode Island Mesothelioma Victims Center strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this hospital.

* The Miriam Hospital Providence, Rhode Island:

According to the US Center for Disease Control the average age for a diagnosed victim of mesothelioma is 72 years old. Frequently victims of mesothelioma are initially misdiagnosed with pneumonia. This year between 2500, and 3000 US citizens will be diagnosed with mesothelioma. Mesothelioma is attributable to exposure to asbestos.

According to the CDC the states indicated with the highest incidence of mesothelioma include Maine, Massachusetts, Connecticut, Maryland, New Jersey, Pennsylvania, Ohio, West Virginia, Virginia, Michigan, Illinois, Minnesota, Louisiana, Washington, and Oregon.

High risk work groups for exposure to asbestos in Rhode Island include US Navy Veterans, power plant workers, shipyard workers, oil refinery workers, industrial workers, plumbers, electricians, auto mechanics, machinists, or construction workers. Typically the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.
