

BluePay Announces New Partnership with RezExpert Reservation and Property Management SaaS

BluePay has partnered with DigitalRez to deliver a secure integrated payment solution within their RezExpert Software as a Service (SaaS).

NAPERVILLE, IL, USA, March 28, 2016 /EINPresswire.com/ -- BluePay, an expert payment processor with over 320 software integrations, is proud to announce that they have partnered with [DigitalRez](#) to deliver a secure integrated payment solution within their [RezExpert](#) Software as a Service (SaaS). Using the new fully integrated solution, users of the reservation and property management software will be able to effectively process credit cards transactions quickly and securely through the RezExpert interface. Users will notice a cost and time savings by being able to consolidate payment vendors and simplify reconciliation.

Kevin Hall, Managing Director for DigitalRez, commented, "At DigitalRez, our philosophy has always been to provide low-cost, real-time systems accompanied by exceptional customer service. As one of our newest preferred payment processing partners for U.S. clients, BluePay's goals are in complete alignment with ours, and that's what makes our companies a great fit."

"We are excited to work with RezExpert clients to make payment acceptance easier, safer and more efficient," commented John Wisniewski, IBD Agent for BluePay. "With BluePay, RezExpert users will benefit from a PCI-compliant solution that reduces their scope and costs while maintaining the highest security standards in the industry to protect their clients' sensitive payment data."

About BluePay: BluePay is a leading provider of technology-enabled payment processing for merchants and suppliers of any size in the United States and Canada. Through physical POS, online, and mobile interfaces, as well as CRM and ERP software integrations, BluePay processes business-to-consumer and business-to-business payments while providing real-time settlement, reporting, and reconciliation, along with robust security features such as tokenization and point-to-point encryption. BluePay is headquartered in Naperville, Illinois, with offices in Chicago, Maryland, New York, and Toronto. For more information, follow BluePay on Facebook, Google+, [Twitter](#), and LinkedIn, or visit www.bluepay.com.
