MINNEAPOLIS, MINNESOTA, UNITED STATES, March 30, 2016

/EINPresswire.com/ -- [Chef Remi](#) has launched his new product that called Chef Remi [Kitchen Shears](#), which is again a choice of the pro. These scissors are so sharp – one can cut almost anything: poultry, meat, pork, vegetables, or papers – sharp like a knife, as said! Also, it has a bottle opener that further excites the deal.

“I absolutely love my new Heavy Duty Kitchen Shears” says Rosanne, an Amazon Buyer. She adds – “I can handle them with wet hands while easily being able to trim the fat off meat, cut veggies, fruits, and fresh herbs.”

It’s so encouraging that people feel confident enough to experiment with it. “I also used the opener between the handles for walnuts, and it even worked

on that,” says Jessica & Jonathan, another happy Amazon buyers.

Finally, it too comes with the lifetime money back guarantee. So you know the best deal when you need the shears!
