

Event: Sri Lanka's Accountability: Justice or Show Trials?

3rd International Conference by Transnational Government of Tamil Eelam (TGTE)

TORONTO, CANADA, March 31, 2016 /EINPresswire.com/ --

Sri Lanka, the master of sham commissions, is conniving to create sham trials as the next step in their culture of impunity. The Sri Lankan government's repeated statements that investigation is necessary to clear the names of the Sri Lankan armed forces clearly establishes to any reasonable person that the outcome of the proposed domestic investigation has already been determined.

The UN Human Rights Council Resolution said the 'credibility of the processes of truth-seeking, justice, reparations and guarantees of non-recurrence' depends on involving victims in their design and implementation and that 'international expertise, assistance and best practices' must be used.

It is our duty to assure that the voice of the victims is not drowned out by the noise of the Sri Lankan state.
